We offer a warm and friendly welcome here at Nethermoor House, with a team of dedicated staff with many years of experience.

It's a homely environment set on the edge of Cannock Chase with beautiful views of the gardens and countryside, with lovely period features throughout the home.

Individualised 24 hour care is our priority, and we are able to offer personal care, meal preparation, support with daily activities and social interaction. All activities are individualised and based around person-centred care.

For any further information please call or Sally Starkey, Care Manager on 01889 584368 or email: [sally@friendlycare.co.uk](mailto:sally@friendlycare.co.uk)
